RAUSCH

We are RNT!

RNT is a Germany based technology pioneer with 20+ years of experience in the high tech server and storage industry. We're on a mission to always be ahead of technology trends and rethink future-proof server and storage solution designs that go hybrid and tackle your business challenges. We are here to let you to exceed your digital transformation goals while keeping TCO under control. RNT makes SMBs, enterprises, data centres and service providers around the world fit for tomorrow's technical revolution because our brain's always on. RNT is making IT possible.

Together Everyone Achieves More

RNT drives value to your business despite the complexities digital transformation adds to our lives. As a German company we do care about the details and believe in the power of teamwork. Pooling our expertise and know-how with long-standing technology partners such as AMD®, Cloudian®, Intel®, Seagate®, and many more allows us to create a more effective, intelligent solution for you in no time!

RNT Rausch. Making IT possible.

RNT Rausch highlights

- ✓ Designed in Germany with ultimate precision, manufactured to the highest quality in Germany, USA and Taiwan.
- ✓ Expertise, technological know-how and up-to-date market insights from thousands of successfully implemented projects, over the last 20 years.
- ✓ Our open design process delivers targeted solutions so you buy just what you need.
- ✓ Long term relationships with major manufacturers.
- ✓ From one to thousands of solutions, RNT Rausch delivers at any scale.
- ✓ Our business philosophy is built around strong team-work and putting the customer first.

IT Solutions Rethought

- ✓ RNT Rausch began life as a classic IT service provider and has developed in one of the market leaders for server and storage solutions. Under the management of Sebastian Noelting, we develop and test new ideas, concepts and solutions in line with our motto "Making IT possible". RNT Rausch now has a variety of unique solutions in use across the world with international businesses and by well-known global data centres and service providers.

It's time you rethink!

Our Brands

Partnerships Co-operate with experts

RNT Rausch is a strategic business partner of market leading companies like Intel®, Seagate®, AMD, SUPERMICRO®, Broadcom® and Western Digital®. Those partnerships enable us in a short time frame to manufacture all customized and standard systems that our clients need. Our co-operations with HPE and Dell are ensuring interesting conditions for those systems, too.

References

After more than ten years we proudly relate on more than 200.000 systems in webhosting datacenters worldwide. You can always count on us, too – today and in the future!
