

Yowie[®]
 APPLIANCE
 CL 1102H

Make your Storage immutable and keep ransomware out

- ⊕ Yowie[®] appliances are challenging the traditional storage industry and go beyond common standards to store, protect and help recover your most valuable asset: data. The entry level model of the Yowie[®] Appliance Family starts with a useable capacity from only 2TB and provides you with all benefits of Cloudian[®] HyperStore[®] including object lock to make your storage immutable. The Yowie[®] 1100-series are single node appliances with 2 disks but no built-in redundancy. It's an ideal, affordable, on-premise device for branch offices or remote working locations that are regularly synchronising to an external data store.

Specifications

Model	CL-1102H02	CL-1102H04
Raw capacity	2x 2TB (mirrored drives)	2x 4TB (mirrored drives)
Useable capacity	2TB	4TB
SATA HDDs	3,5" Enterprise SATA HDD	
SSDs for OS/Metadata	2x 240GB M.2	
Form factor	1U	
Data protection	Mirrored HDDs (Raid 1)	
Redundancy	Appliance contains single mainboard and CPU - not redundant. Synchronising to external datastore highly recommended	
CPU	1 x Intel® Atom® C3958, 16 cores, 16 threads	
Memory	64GB DDR4 ECC registered	
Network Interfaces*	2 x 1/10GBaseT and 2 x 10Gb/s SFP+	
Monitoring/Management	CLI, GUI, API, IPMI, JMX	
Power supply	2 External 120w 90-264VAC PSU	
Dimensions	44mm x 370mm x 290mm (HxWxD) - Desktop version 44mm x 482mm x 290mm (HxWxD) - Rackable version	
Weight	4,5 kgs fully populated	
Rack mountable	Provided with rack mounting kit	

RNT Rausch GmbH | February 2022

*SFP transceivers and network cabling not included and must be supplied by the customer.
