## Seamless integration with Acronis<sup>®</sup> Cyber Cloud environments

- ⊕ Business owners need to meet modern IT demands while they also need to take appropriate cyber protection actions. Yowie<sup>®</sup> powered by Acronis<sup>®</sup> Cyber Infrastructure is a multi-tenant, hyper-converged infrastructure solution that maximises productivity while also reducing total cost of ownership (TCO). You can now cover many use cases and scenarios with an all-in-one trusted solution that runs disaster recovery workloads and stores backup data in an easy, efficient and secure way. With Yowie powered by Acronis<sup>®</sup> you will get a highly-available and reliable storage solution that has seamless integration with Acronis<sup>®</sup> Cyber Cloud environments. The Cyber Backup agents are able to write data to the appliance faster than they can write to other backup targets. The solution is easy to deploy and manage thanks to the intuitive built-in wizard and lets you use file, block and object storage from a single device.

## Specifications

Model	AC-5340F043	AC-5340F087	AC-5340F174
Raw capacity	77TB	154TB	308TB
Useable Storage (EC)	35TB	69TB	103TB
Useable Storage (R3)	18TB	36TB	54TB
<b>Disk drives</b>			
SATA SSDs	40 x 1.92TB	40 x 3.84TB	40 x 7.68TB
SSDs for OS	5 x 256GB enterprise SSD		
SSDs for Cache	5 x 1TB enterprise SSD NVMe		
<b>Hardware specification</b>			
Form factor	5 nodes in a 3U rackmount chassis		
Data protection	Erasure Coding 3+2		
Redundancy	Hot swappable disk drives; 2x hot swappable power supplies. No single point of failure; non-disruptive online software upgrades		
CPU	5 x Intel® Atom® D2163, 12 cores, 24 threads (1 per node)		
Memory	640GB DDR4 3200Mhz ECC registered (128GB per node)		
Network Interfaces*	10 x 1/10GBaseT (2 x 1/10GBaseT per node)		
Monitoring/Management	CLI, GUI, API, IPMI, JMX		
Power supply	2 x 1100W PSU, 1+1 redundant, Platinum		
External ports	2 x USB 2.0; 1 x VGA; 1 x GbE RJ45 management		
Dimensions	130mm x 482mm x 600mm (HxWxD)		
Weight	28kgs fully populated		
Tool less railkit	Yes		

\*SFP transceivers and network cabling not included and must be supplied by the customer.
